### *Minutes of the last meeting*

This is a brief description of the minutes of the last meeting. You may attend the next meeting to hear the entire minutes.

The April meeting of Capital Carriages Car Club was held on Sunday April 14th at the 4B's restaurant. There were 7 members present.

Our President, Paul brought the meeting to order at 2:10.

There was no report from the Treasurer, or Secretary.

Paul advised the get together with the Butte and Bozeman club is planned for Sunday May 5th. Bozeman reported it has 21 that have confirmed they will attend. Paul will call our members to get a count so he can advise the restaurant in Cardwell how many will be there.

Paul asked how many were going to the swap meet in Great Falls, and only a couple stated they were attending, and no one reported going to the Saturday evening meeting and banquet.

The spring tour in Lewistown was discussed, and only a couple said they were attending, and the majority advised they might attend the fall tour in Anaconda. (Of course we only had 7 people at the meeting)

Among other items discussed, was whether to have a fund raiser garage sale again this year. The matter was tabled for this month, but possibly might come up again in the future. Darrell stated he was unable to host it at his house again this year.

Other activities this year? Some discussion about the dwindling membership, and what to do about it. It was brought up that we might have a car show at Super One Foods, and Wes was going to check into that. We have had a car show in the Walking Mall, which turned out very well, however it did not net us any new members.

Paul is working on the August get together with Great Falls, possibly in Lincoln, but he will contact them to confirm.

There will be no meeting in May, because of our trip to LaHood. We will leave as a group from Montana City Grill at 12:30, Sunday May 5th.

The June meeting will be at Jorgenson's 4 B's June 9th at 2:00.

Meeting adjourned 3:10.

#### **ELECTRIC SOLES KEEP MOTORIST'S FEET WARM**

ELECTRICALLY heated soles, which may be worn inside any pair of shoes, are a recent German invention to end the discomfort of chilly feet during a winter drive. Electric current from the car's battery is provided through a plug-and-socket connection on the instrument panel, from which cables lead to the pads. When the driver wishes to leave his car, he can detach the cables from the soles.

## Coffee/Breakfast

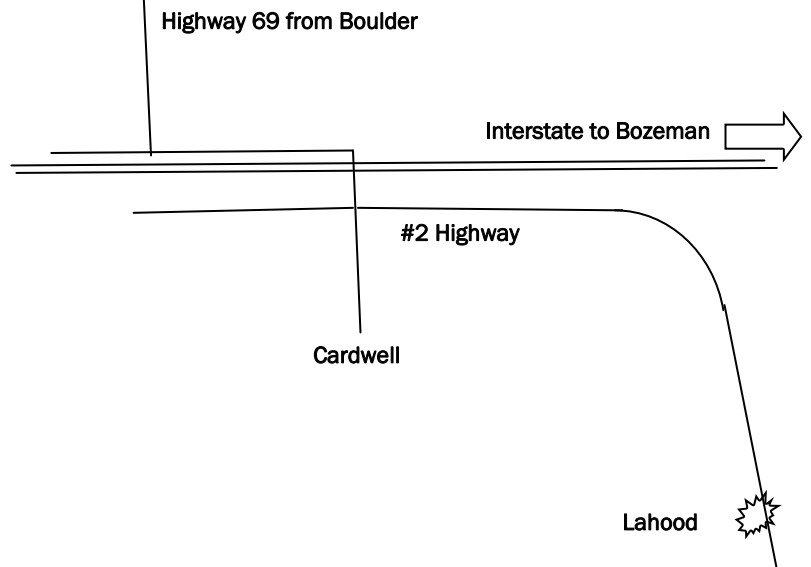

Every Friday morning there is a get-together at Super 1 Foods grocery at 9 am for coffee/ donuts/ biscuits and gravy or whatever! Lots of room to meet and visit, and you can shop for groceries afterwards!

Paul has verified with LaHood restaurant for our gathering with the Bozeman and Butte club on May 5th. The best way to get there is to take the interstate to Boulder, then take highway 69 through Boulder, down to the interstate. At Cardwell, turn left onto highway 2, which in just a few miles will take you to the restaurant. Their address is: 960 Highway 2 East, Cardwell.

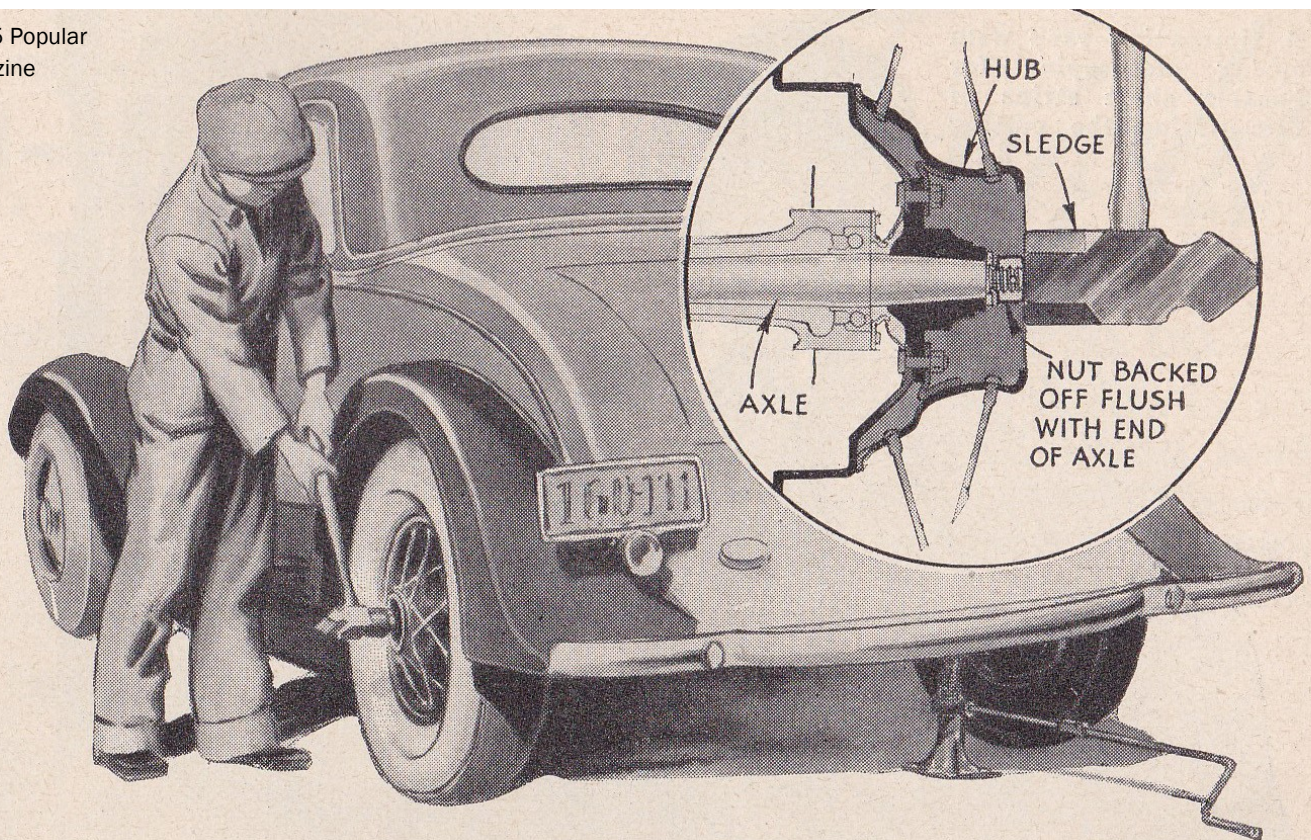

If you wish to go as a group, please meet at Montana City Grill at 12:30 on Sunday, May 5th.

"Treats and Hot Rides Night" is held at Dairy Queen, 1700 Prospect Ave here in Helena every Wed night. This is sponsored by the Street Rodders, after their evening cruise. The event takes place between 7 and 10 pm and is a great place for vehicle enthusiasts to meet up, have some treats and chat about vehicles.
