I hope you are enjoying our hot summer weather!

The car runs in July were not well attended. Only six of us made the drive to the Big Bull in Winston. There was some confusion both about meeting in East Helena before driving there and the time to leave for Winston but we all finally made it in the end. Their food was good as always! Chubbys closed on the evening of our planned dinner so their employees could attend a concert. As a result, we drove back down the highway to Jackson Creek, in Montana City, where only four of us met for the early dinner, or supper, if you are on the farm! I hope these are better attended in August. I realize an afternoon drive in the afternoon, in a classic car, without air conditioning, may get a little warm!

Our August general meeting is on August 20<sup>th</sup> at the Marysville House. We plan to meet at 4:00 at the ACE Hardware behind Bob's Valley Market in the north valley and drive up to Marysville from there. The club is paying \$15 toward each of our meals so you can, if you so choose, enjoy one of their great steaks at a more affordable price. They also have lower cost burgers and other meals on their menu so you are not limited to steaks! Jeane Didriksen is contacting the club members that she has phone numbers for and based on her calls it is my understanding that most all of the club members will attend. If you have not been contacted and plan to attend please let either Jeane or me know. It will be great to see everyone there.

The Boulder car show starts with registration at 8:00 AM. Judging runs from noon to 1:00 PM with awards presented at 2:00 PM. Public attendance is free. I plan to attend this event since I did not make any of those in July. Denise and I were very busy cutting firewood and entertaining visiting family through the month of July and will be continuing this into the first week of August.

I included a couple more pictures from this year's Blast from the Past Car show in this month's newsletter. The first is one of Denise's favorite cars, an old Nash. Unfortunately I am not sure of the year.

The second, one of my favorites, is a 1964 GTO Tripower. This car did not win the drag races, but appeared to be in the top four.

Hope to see you at one, or more, of this month's events!
